## PROFILE

React/Frontend Developer with 6+ years of experience building scalable, high-performance web applications. Specialized in React, Redux, and modern JavaScript frameworks, with proven success in boosting app performance (35% faster load), reducing bugs (30%), and improving customer satisfaction (15%).

## EDUCATION

**California State University, East Bay**
*Master's computer science*

**Malla Reddy Engineering College**
*Bachelor's computer science*

## WORK EXPERIENCE

**05/2021 – 09/2025**
Minneapolis, MN

**Senior React developer**
*Ameriprise Financial*

- Led the front-end redesign using ReactJS, converting static design mockups into high-performance, reusable components—directly reducing new feature development time by 25% and improving engineering velocity across the team.
- Integrated RESTful APIs with Axios and built custom hooks to manage async workflows—cutting API data-handling time by 15% and improving data consistency, resulting in fewer API-related UI failures.
- Improved production stability by 30% by implementing a structured unit testing suite using Jest & React Testing Library—reducing regression issues and increasing confidence in each release.

**05/2019 – 05/2021**
Plano, TX

**React developer**
*AT&T*

- Developed debounced search and throttled scroll listeners that elevated UI responsiveness, boosting average session time by 18%.
- Optimized API calls and caching strategies, reducing network requests by 25% and cutting mobile page load time by 1.5 seconds.
- Ensured 85%+ code quality compliance by configuring ESLint and Prettier across the codebase.

**01/2015 – 09/2016**
Hyderabad, India

**Software developer**
*Viral sphere*

- Used Servlet Filters and Listeners for logging, authentication, and monitoring HTTP request lifecycles.
- Designed custom icons using Adobe Photoshop and implemented logic to synchronize client-side model state with the server, ensuring real-time persistence of user data

## TECHNICAL SKILLS

React, Redux, TypeScript, JavaScript, ES6+, CSS3, Tailwind, Bootstrap, Next.js, Nodejs, AWS EC2, Amplify, TypeORM

## SOFT SKILLS

Strong communication & collaboration, Creativity & Innovation, Requirement analysis, Cross-functional team coordination, Good attention to detail, Problem-Solving and Analytical Thinking

## CERTIFICATES

Google UX design Professional
